02 / BIOGRAPHY

AT THE INTERSECTION OF RHYTHM AND ATMOSPHERE.

Achyut Wadhwa is a music producer, DJ, live performer, and multi-instrumentalist working at the intersection of rhythm and atmosphere.

Drawing from the storied legacy of the electronic scene, his sound moves through genre-fluid body music, driving grooves, and psychedelic energy. The result is a sophisticated but physical sound built for rooms that want depth as much as impact.

Whether behind the decks, on stage, or in the studio, Achyut prioritizes the narrative of the set: tension, release, texture, and momentum. Every performance is shaped as a journey that elevates the spirit of the reveler while pushing modern electronic music through a high-fidelity, high-energy lens.
